Ryuzu Village

Shoryu Waterfall
 This large waterfall with a drop of 9 meters was selected as one of the Top 88 scenic spots in Shikoku. A highlight is the "cascade," a sudden rush of water over the falls (every hour).

Rawn Area

A 4-ha area carpeted with greenery surrounded by 8 small mountains. You can enjoy seasonal flowers in the surrounding flower gardens.

Tatsu-no-Ko Play Area
 A play area dotted with various playground equipment, including the Fluffy Dome. This children's play area inspires a free spirit of play and creativity.
 *Fluffy Dome is limited to elementary school-age or younger children

Cycling course

A 6-km course that circles the park. The Cycling Center has 500 bicycles of different types available for rent (charges apply).
 *Course is one-way only.

Ryuzu Hill

Doramu Dome
 An all-weather facility with artificial turf that can be enjoyed even in the rain. There is playground equipment for kids (1,600 sq.m. Capacity: 800 people)

Dog Run

A plaza where you can play freely with your dogs. Split into areas for small and large dogs. *Your dog's license tag and a rabies vaccination certificate (photocopy OK) showing that it has been vaccinated for rabies within the past year are required for admission and use of the Dog Run.

Satoyama Experience & Forest Fun Ecological Park / Sanuki Woods

The Ecological Park preserves the environment of a satoyama area with a reservoir, a common landscape in the olden days of the Sanuki region. It offers various satoyama experiences, guided walks, and displays of farm equipment and materials from those days. The adjacent Sanuki Woods has been managed and used as an important local resource and still today preserves its unique ecosystem. These facilities are also recommended for use by elementary schools and other groups as locations for environmental education.

Campsite Hotto Stay Manno

Japan Auto Camping Federation
Awarded 5 stars

Camp in a spacious site surrounded by woods. Groups can pitch their tents in the Free Site and enjoy a campfire at the Event Square. There is also a site with cabins, so you can stay even when it rains.

Ryuzu Forest / Lakeside Forest

X-Slides
 A large playground with four forts. Kids can enjoy two extra-long roller slides (60 meters), as well as other playground equipment such as a climbing net.

Manno Pond Observation Walkway
 From the Manno Pond Observation Walkway, visitors can enjoy a panoramic view of Manno Pond, the largest irrigation pond in Japan, which was renovated by Kukai (a famous Buddhist monk).

What is "Ryuzu"?

Until the 1960s, there was a village here called Ryuzu. Although the village of Ryuzu is now Manno Park, we preserve the Ryuzu name to carry on our ancestors' love for rain (the "water of life") and their wisdom in valuing their relationship with nature since ancient times.
